

# Task Force “Kapatid” (Brotherhood)

## Pre-Typhoon

Prepare and implement contingency measures  
Conduct inspection for preventive maintenance, right-of-way clearing  
Inventory and to preposition in strategic areas  
Organize skeletal force (24-hour basis)  
Assign stationary lineman  
Back-up generator  
Coordinate with local officials and NGCP Rep

## During

Submit power situation report

## Post-Typhoon

Submit

- power restoration monitoring report
- Estimated cost of damage

Heavily damage Ecs are called and asked if they need assistance

Affected Ecs are requested to prepare and submit their timeline of full restoration

Build Back Better

# Ensuring Oil Supply (Minimum Inventory Requirement for Commercial Stocks)

## Executive Order

# 134

- Requiring Oil Companies and Bulk Suppliers to Maintain a Sufficient Minimum Inventory of Petroleum, for Purpose of Ensuring Continuity, Adequacy and Stability of Crude and Fuel Supply

# Ensuring Oil Supply (Minimum Inventory Requirement for Commercial Stocks)

Department Circular

**2003-03-002**

- ❑ – Relaxation of the Minimum Inventory Requirements
  - Refiners – 15 days in-country stocks of crude and petroleum products
  - Bulk Suppliers – 7 days in-country stocks of petroleum products
  - LPG Importers – 7 days in-country stocks of LPG

# Resiliency Policy

## Promotion of Energy Resiliency

- ❑ Policy on the adoption of resiliency planning and program in the energy industry to mitigate the adverse effects brought about by the disaster

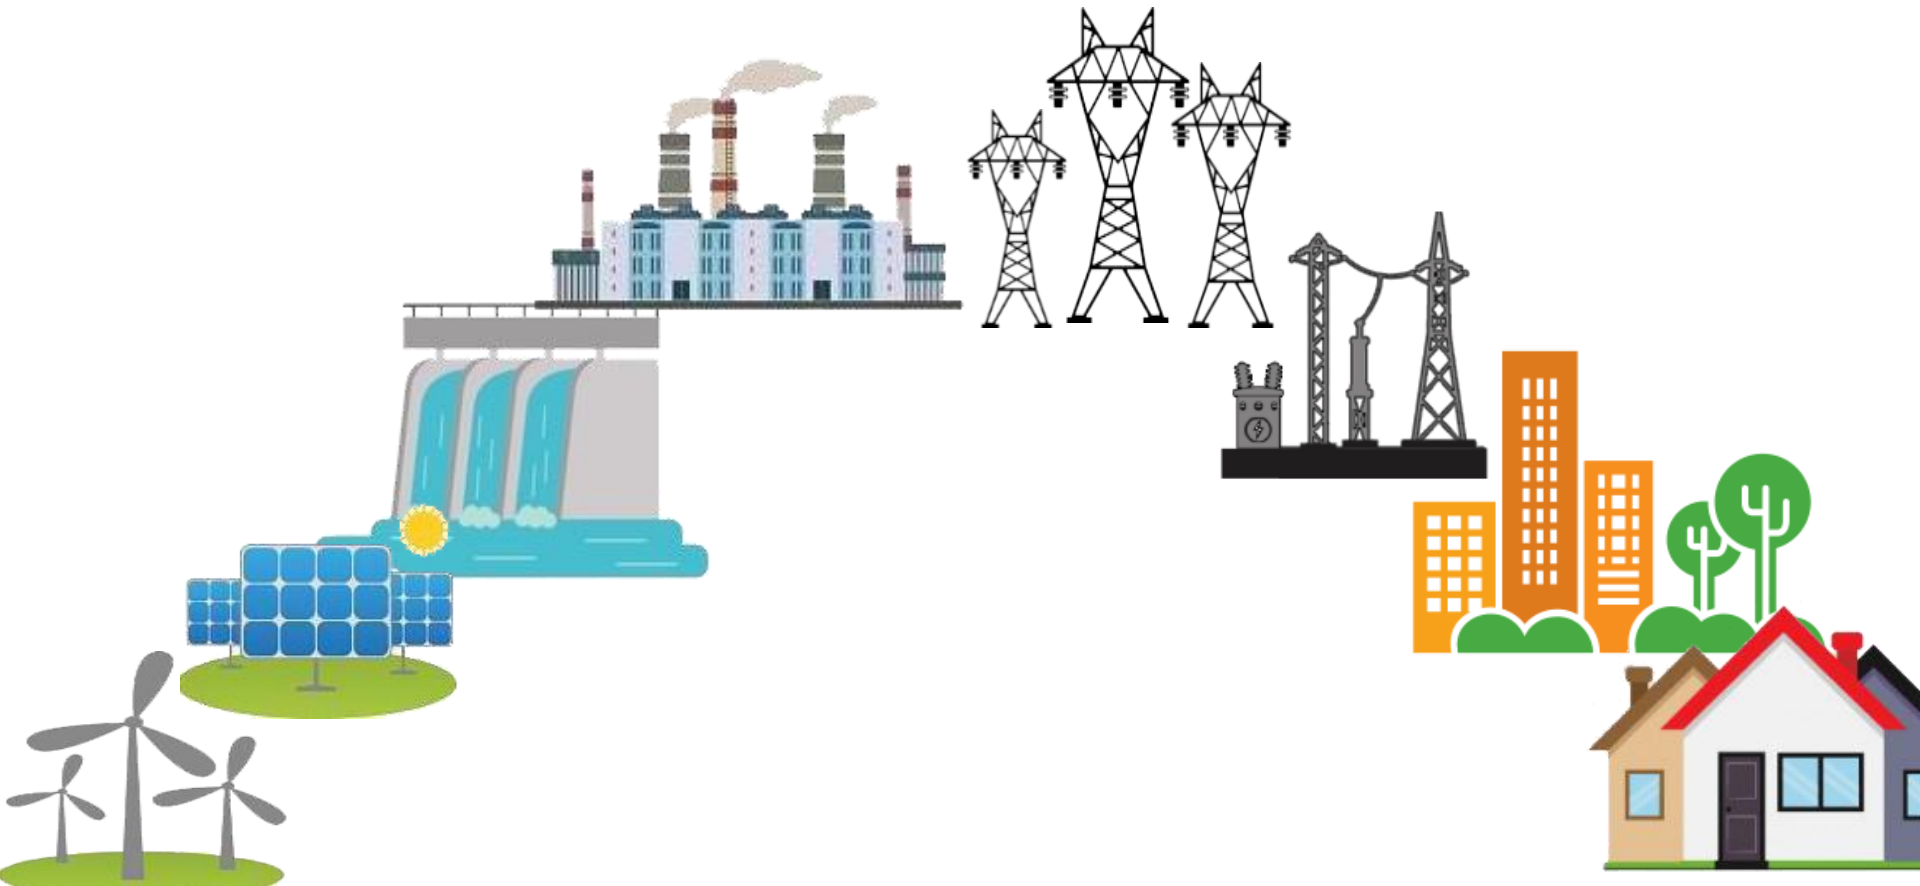

# Resiliency Policy

- Guided by Republic Act 7638 or the Department of Energy Act of 1992 and Republic Act 10121 or the Philippine Disaster Risk Reduction and Management Act of 2010
- Promote planning and investment to ensure nation's energy infrastructure continues to deliver while anticipating and reducing vulnerabilities

# Resiliency Policy (Scope)

# Resiliency Policy

## Policies and Principles

1. Strengthen existing infrastructure facilities;
2. Incorporate mitigation improvements into the reconstruction and rehabilitation of infrastructure in accordance to the Build Back Better principle;
3. Improve operational and maintenance standards and practices to ensure expeditious restoration of energy supply; and
4. Develop resiliency standards for future construction of energy facilities to ensure minimal damage and adoption of measures in place for timely recovery and restoration of energy supply.

# Resiliency Policy: Resiliency Compliance Programs (RCP)

Contains adaptation measures which includes engineering and non-engineering options, to gauge infrastructure and human resource preparedness during and in the aftermath of disruptive events.

The RCP shall be divided into:

Strengthening  
Infrastructure

Stockpiling

Systems

Response and  
recovery

# Sectoral Compliance

---

- All energy industry participants are hereby enjoined to provide full cooperation, prepare and implement the Resiliency Compliance Plan (RCP).
  - Shall form part of the planning criteria and to be included in all energy plans
- Within a period of sixty (60) upon the approval of the policy, all energy industry participants shall submit to the DOE their respective RCP
- RCP shall be regularly updated by all energy industry participants every three (3) years
- In the case of ECs, respective RCP shall be submitted through NEA, for review and consolidation

# DOE -Task Force on Disaster Resilience

---

- Responsible in coordinating with other government agencies and/or private institutions for the development and adoption of the identified resiliency programs
- Responsible in ensuring sufficient uninterrupted electrical power supply, transmission infrastructure and distribution facilities
- Shall ensure the engagement of the Inter-Agency Task Force on Securing Energy Facilities composed of TransCo, PNP, AFP, DOJ, NGCP and NICA

# Resiliency Policy: RCP Template

Stronger Projects & Programs	Name	Description	Benefit	Start Date	Completion Date	Total Cost	Yearly Disbursement
Facility							
System							
Stockpiling							
Response and Recovery							

# Thank You!
