    - ii. The cost of all customs duties and sales and other taxes already paid or payable;
    - iii. The cost of transportation, insurance, and other costs incidental to delivery of the Goods to their final destination; and
    - iv. The price of other (incidental) services, if any, listed in e.
  - b. For Goods offered from abroad:
    - i. Unless otherwise stated in the **BDS**, the price of the Goods shall be quoted delivered duty paid (DDP) with the place of destination in the Philippines as specified in the **BDS**. In quoting the price, the Bidder shall be free to use transportation through carriers registered in any eligible country. Similarly, the Bidder may obtain insurance services from any eligible source country.
    - ii. The price of other (incidental) services, if any, as listed in **Section VII (Technical Specifications)**.

## 13. Bid and Payment Currencies

- 13.1. For Goods that the Bidder will supply from outside the Philippines, the bid prices may be quoted in the local currency or tradeable currency accepted by the BSP at the discretion of the Bidder. However, for purposes of bid evaluation, Bids denominated in foreign currencies, shall be converted to Philippine currency based on the exchange rate as published in the BSP reference rate bulletin on the day of the bid opening.

13.2. Payment of the contract price shall be made in: Philippine Pesos

#### **14. Bid Security**

14.1. The Bidder shall submit a Bid Securing Declaration or any form of Bid Security in the amount indicated in the **BDS**, which shall be not less than the percentage of the ABC in accordance with the schedule in the **BDS**.

14.2. The Bid and bid security shall be valid until 26 July 2022. Any Bid not accompanied by an acceptable bid security shall be rejected by the Procuring Entity as non-responsive.

#### **15. Sealing and Marking of Bids**

Each Bidder shall submit one copy of the first and second components of its Bid.

The Procuring Entity may request additional hard copies and/or electronic copies of the Bid. However, failure of the Bidders to comply with the said request shall not be a ground for disqualification.

If the Procuring Entity allows the submission of bids through online submission or any other electronic means, the Bidder shall submit an electronic copy of its Bid, which must be digitally signed. An electronic copy that cannot be opened or is corrupted shall be considered non-responsive and, thus, automatically disqualified.

#### **16. Deadline for Submission of Bids**

## **Section VII. Technical Specifications/ Terms of Reference**

Bidders must state here either “Comply” or “Not Comply” against each of the individual parameters of each Specification. A statement either in the Bidder's statement of compliance or the supporting evidence that is found to be false either during Bid evaluation, post-qualification or the execution of the Contract may be regarded as fraudulent and render the Bidder or supplier liable for prosecution.

<b>Technical Specifications/ Terms of Reference</b>	<b>Bidders Compliance</b>
<b>Services for the Conduct of Social Media Campaign on Energy Efficiency and Conservation</b>	
<p><b>I. BACKGROUND</b></p> <p>The Energy Utilization Management Bureau (EUMB) is mandated to develop policies, implement plans and programs related to energy efficiency and conservation, and ensure effective implementation thereof in the government, industrial, commercial, residential and transport sectors, electric power industry participants, among others. It is a necessary thing for DOE to reach its audience in various ways. In the situation like where we are right now, technology would be a great ally on providing the Filipino people the information that they need to know. Information that would be beneficial to the consumers once they learn how to adopt and practice energy efficiency and conservation in their daily lives.</p> <p>The promotion of EEC through social media management will help boost the developed content in order to maximize its reachability to the stakeholders. Boosted contents in social media platforms help create a seamless experience for users as it does not disrupt their social media activity. Thus, making it easier to be familiar and recognizable in the long run.</p> <p>As of 31 December 2021, the EPMPD had a total of 498 Posts through the EE&amp;C Program Management and Technology Promotion Official Facebook Page. The EPMPD's social media posts disseminate information virtually regarding the Energy Efficiency and Conservation practices, particularly Energy Saving Tips and Energy Efficient Programs and Technologies.</p> <p>Facebook reach refers to how many people viewed the content from the Page or about the Page, including posts, stories, ads, social information from the people who interacted with the EPMPD Page and more. For the posting period of January to December 2021, a total of 172,663 people have reached the Facebook page.</p>	

Facebook impression is measured by how often the posts were on screen of EPMPD's target audience. There were 292,185 total number of impressions made for the whole year.

Facebook likes are the number of people who have showed their support for the EPMPD Page, and they wanted to see its content. On the other hand, Facebook followers are the number of people who have chosen to receive updates from the posts in the EPMPD news feed. Overall, there is a total of 4,661 likes and 4,826 followers of the EPMPD Page.

Boosted contents are being made possible through sponsored posting or promoted posts. This AVP model has become adopted by various ad-supported but community-driven websites as an addition, substitute, or replacement of other pay-per-click advertisement formats, such as web banners, text, and rich media. Sites and services which utilize sponsored posts include Facebook, Instagram, Twitter, and Youtube.

In lieu of the new normal, the use of social media management in information dissemination will be a good avenue ensure no physical person-to-person contact without sacrificing the deliverance of the necessary information.

## **II. OBJECTIVES**

The project aims to hire the services of a firm that has the capacity to conduct social media campaigns across different platforms. The service provider should also be able to promote Energy Efficiency and Conservation information materials through sponsored/boosted posts in different social media platforms. Through this, the DOE will be able to gather public support in promoting the shift of consumers to energy efficient and conservative practices.

The engagement of the service provider shall cover the initial market study on the ideal timeslot of the posting of the material including the demographics of the ideal audience to maximize its reachability and viewership and provide social media management plan that will span for three (3) months and a post-evaluation report after the engagement.

## **III. SCOPE OF SERVICES**

The **Scope of Services** includes the conceptualization and the development of the following:

### **A. SOCIAL MEDIA MANAGEMENT PLAN**

The social media management plan shall include but not limited to the following items:

- a. Detailed timeline of postings including target audience with timeslot and type of social media platform;
- b. Proposed activities that will increase the number of follower and reach of the page;
- c. Strategy to be used including ideal and logical distribution of spots depending on material length and social media platform;
- d. Number of spots/posts per social media:

Social Media platform:	Minimum Spots/Posting per day
1. Facebook,	10 postings per day
2. Instagram	
3. YouTube	
4. Twitter	
5. Other Social media platform	

The Service Provider may propose for re-allotment of posting/spots on whichever social media platform can optimize the maximum reach of the audio-visual presentation (AVP) material by integrating their proposal in the social media management plan before approval.

- e. Allotted amount per boosted posts.
- f. Method of monitoring;
- g. Documentation and reportorial activities; and
- h. With three (3) separate rounds of revisions.

#### B. SOCIAL MEDIA MANAGEMENT IMPLEMENTATION PROGRAM

In line and consistent with the submitted Social Media Management Plan the service provider shall ensure quality implementation of the promotional/information material identified under social media management based on the proposed timeline.

The service-provider shall provide and implement the following:

- a. Monthly content plan for Facebook, Instagram, Twitter, and YouTube;
- b. Content creation;
- c. Account Management including Community / Client Management;
- d. Implementation Assessment
- e. Monthly Social Media Contests with an allotment of at least 10% of the Awarded Contract for the prizes ; and
- f. Online Media Placement/Boosting with an allotment of at least 20% of the Awarded Contract
