<p>Energy Efficiency & Conservation Research and Policy Study: Assessment of DOE Facilities to be Energy Efficient</p> <p style="text-align: center;">Quantity: 1 Lot ABC: Php 5,000,000.00</p>	Bidder's Compliance
<p>I. BACKGROUND</p> <p>On 12 April 2019, President Rodrigo Roa Duterte signed the Republic Act (RA) No. 11285 or <i>An Act Institutionalizing Energy Efficiency and Conservation, Enhancing the Efficiency Use of Energy, and Granting Incentives to Energy Efficiency and Conservation</i>. Dubbed as the "Energy Efficiency and Conservation (EEC) Act", the Act shifted energy efficiency and conservation as a national way of life and provided a blueprint in formulating, developing, and implementing energy efficiency and conservation plans and programs.</p> <p>It also promotes and encourages the development and utilization of efficient renewable energy technologies and systems to ensure optimal use and sustainability of the country's energy resources. Additionally, it reinforces related laws and other statutory provisions for a comprehensive approach to energy efficiency and conservation.</p> <p>The policy was first filed during the 8th Congress in 1988 and took 30 years to be enacted — a game changer in the current energy systems. Towards securing sufficiency and stability of energy supply, the law promotes and encourages the utilization of efficient renewable energy technologies and systems.</p> <p>It is within the existing mandate of the Department of Energy (DOE) that RA No. 11285 reinforced relevant laws, policies, and plans into a comprehensive approach to energy efficiency and conservation with the ultimate goal of improving the quality of life of Filipinos.</p> <p>The enactment of RA No. 11285 paved the way to a more comprehensive, multi-sectoral, interagency, upscaled business usual model, and incentive-based approach of EEC.</p> <p>Generally, this is another effort to fulfill the mandate of the Department to ensure sustainable, stable, secure, sufficient, accessible, and reasonably-priced energy and will protect the</p>	

environment in support of the economic and social development goals of the country.

II. PURPOSE

The procurement aims the institutionalization of energy efficiency and conservation as a national way of life and paved the way for the establishment of a framework for introducing and institutionalizing policies on EEC, including the promotion of efficient and judicious utilization of energy across all sectors.

III. ASSESSMENT OF DOE FACILITIES TO BE ENERGY EFFICIENT BUILDINGS

To encourage and promote the energy conserving design of buildings and their services to reduce the use of energy with due regard to the cost effectiveness, building function, and comfort, health, safety, and productivity of the occupants, Department Circular No. DC2020-12-0026 or ***Adoption of the Guidelines on Energy Conserving Design of Building*** was promulgated.

The Department Circular (DC) shall cover both private and public establishments. Local Government Units (LGUs) shall provide measures in the building permit issuances ensuring appropriate and effective implementation of energy efficiency and conservation for new and existing buildings. New building construction and building retrofits shall comply with the minimum requirements indicated in the guidelines. These buildings include hospitals, educational facilities, exhibition centers, government offices, and military facilities among others.

In recognition of the ongoing continuous developments in energy efficiency and conservation, and renewable energy technologies, systems, and practices, the DC shall adopt future improvements through revisions and updates within every 3 years as necessary. These continuous revisions will ensure that the instituted policies are based on the latest energy-efficient practices and technologies.

Objectives

As the DOE is at the forefront of implementing energy efficiency, the purpose of this technical study is to conduct an assessment of existing facilities of DOE to be in line with the ***Guidelines on Energy Conserving Design of Building***. This also covers the penetration level of energy efficient technologies in a building under review including but not limited to energy conservation measures and best practices adopted and the use of renewable energy technologies intended to manage electricity consumption purchased from the grid.

Scope

This project shall cover all the DOE's existing facilities and infrastructure located in Taguig.

FINAL DELIVERABLES

- Select DOE facilities' assessment on structural, electrical, and mechanical systems;
- Recommended design of DOE facilities covering **materials, energy, water, and health** including building plans;
- Proposals on new construction or renovation projects that would improve the energy efficiency of select DOE facilities together with their associated documents. These documents include the **feasibility study of the proposed project, breakdown of energy efficiency improvements expected, and detailed engineering activities for procurement planning**. The detailed engineering activities to be included cover but are not limited to the following:
 1. Site Investigation
 2. Soils Testing
 3. Preparation of Design Plans with proposed perspective (following appropriate standards and accepted detailed engineering practice)
 4. Contract Plans which include but are not limited to the following:
 - Site development plan
 - Plans and profile sheet
 - Typical sections and details
 - Drainage details where applicable
 - Structural plans at appropriate scales indicating all details necessary so that the complete structure can be set out and constructed
 - Other details which may be required by the DOE (e.g., Demolition Cost and Hauling)
 5. Preparation of Technical Specifications
 6. Structural Sheet with Analysis
 7. Plans of the different systems of the proposed infrastructure project which include but are not limited to electrical systems, mechanical systems, lighting systems, and plumbing systems.
 8. Preparation of Quantity and Cost Estimates (must be made within plus or minus 10% of the final quantities to be

used in the finished project and based on reasonable approved current prices as projected over the proposed construction period)

9. Preparation of Utility Relocation Plan
10. Preparation and Submission of Design Report
11. Environmental Impact Statement for a critical project as per DENR
12. Value Engineering Studies

- V. AFTERSALES WARRANTY** – the Service Provider shall provide technical expert assistance that may be needed by DOE within the period of six (6) months after project completion.

VI. Service Provider Qualifications

The Service Provider (SP) must be duly organized and incorporated in the country where it operates and must have all the necessary government permits and licenses in performing their obligations under this document.

The SP shall also comply with the following:

- a. Should have a reputable track record related to market research/ data analysis/ engineering surveys or anything alike with a minimum of three (3) years of experience.
- b. Should have a satisfactory rating from at least two (2) previous engagements with government, civil society, or the private sector. For this purpose, a certification from previous clients that were declared in DOE BAC Form No. 1 Statement of Ongoing, Completed and/or Awarded Contracts and DOE BAC Form No. 2. Statement of Single Largest Completed Contract; must be presented;
- c. Submit a list of members for the project together with their corresponding Curriculum Vitae (CV) to establish their competency for the project e.g., work experience, training completed, etc.;
- d. Submit an initial proposal for conducting the project components as indicated in Section III;

VII. SCHEDULE OF PAYMENTS

For the services rendered, the contract price is inclusive of Value-Added Tax (VAT) and all other pertinent taxes and insurances.

The price quoted should be firm and irrevocable and not subject to any change whatsoever, even due to the increase in cost of manpower and fluctuations in foreign exchange rates and excise duties. Any additional works not specifically mentioned in this documents, additional manpower, or additional time that will be required to complete the deliverables under this project shall be at no additional cost to DOE.

The SERVICE PROVIDER shall be paid according to the following schedule:

VIII. PLACE OF ASSIGNMENT

Due to the pandemic situation currently being experienced by the country, the Service Provider will be allowed to visit the DOE office for whatever reason that the end-user deem it necessary. However, the Service provider must have to comply with the requirements set forth under the health and safety protocol by the DOE task force on COVID.

Moreover, the Service Provider shall have to execute the required task/deliverables described in this TOR by either working at home or in their Office for health and safety reasons.

Moreover, traveling is encouraged, at the discretion of the Service Provider in terms of weighing the associated health risk and existing protocols implemented by the Inter-Agency Task Force (IATF).

The end-user represented by the EUMB-EPMPD will assign a counter focal point personnel for this research project for ease of communications and coordination with the Service Provider.

IX. GENDER SENSITIVITY

The participatory role of women in every aspect of this project implementation is encouraged. The purpose of gender and development is to ensure that both men and women can participate in, and benefit from, the development in a way that is equitable. Likewise, the gender and development approach focus on the socially constructed differences between men and women, the need to challenge existing gender roles and relations, and the creation and effects of class differences on development.

X. Data Confidentiality and Ownership

ALL MATERIALS developed under this contracted-out service delivery shall be owned by DOE with all copyright and other intellectual property rights associated with the deliverables under the project.

XI. Penalty

Failure on the part of the winning Bidder to comply with the requirements under this Terms of Reference shall cause the imposition of penalty of 1/10 of 1% per day of delay on the contract's termination **or** as provided by existing government accounting and auditing rules and regulations. Penalty shall be collected at the last payment.

Contract Agreement Form for the Procurement of Goods (Revised)
[Not required to be submitted with the Bid, but it shall be submitted within ten (10) days after receiving the Notice of Award]

CONTRACT AGREEMENT

THIS AGREEMENT made the _____ day of _____ 20____ between [name of PROCURING ENTITY] of the Philippines (hereinafter called “the Entity”) of the one part and [name of Supplier] of [city and country of Supplier] (hereinafter called “the Supplier”) of the other part;

WHEREAS, the Entity invited Bids for certain goods and ancillary services, particularly [brief description of goods and services] and has accepted a Bid by the Supplier for the supply of those goods and services in the sum of *[contract price in words and figures in specified currency]* (hereinafter called “the Contract Price”).

NOW THIS AGREEMENT WITNESSETH AS FOLLOWS:

1. In this Agreement words and expressions shall have the same meanings as are respectively assigned to them in the Conditions of Contract referred to.
2. The following documents as required by the 2016 revised Implementing Rules and Regulations of Republic Act No. 9184 shall be deemed to form and be read and construed as integral part of this Agreement, *viz.*:
 - i. Philippine Bidding Documents (PBDs);
 - i. Schedule of Requirements;
 - ii. Technical Specifications;
 - iii. General and Special Conditions of Contract; and
 - iv. Supplemental or Bid Bulletins, if any
 - ii. Winning bidder’s bid, including the Eligibility requirements, Technical and Financial Proposals, and all other documents or statements submitted;

Bid form, including all the documents/statements contained in the Bidder’s bidding envelopes, as annexes, and all other documents submitted (e.g., Bidder’s response to request for clarifications on the bid), including corrections to the bid, if any, resulting from the Procuring Entity’s bid evaluation;
 - iii. Performance Security;
 - iv. Notice of Award of Contract; and the Bidder’s conforme thereto; and
 - v. Other contract documents that may be required by existing laws and/or the Procuring Entity concerned in the PBDs. Winning bidder agrees that additional contract documents or information prescribed by the GPPB that are subsequently required for submission after the

contract execution, such as the Notice to Proceed, Variation Orders, and Warranty Security, shall likewise form part of the Contract.

3. In consideration for the sum of *[total contract price in words and figures]* or such other sums as may be ascertained, *[Named of the bidder]* agrees to *[state the object of the contract]* in accordance with his/her/its Bid.
4. The *[Name of the procuring entity]* agrees to pay the above-mentioned sum in accordance with the terms of the Bidding.

IN WITNESS whereof the parties hereto have caused this Agreement to be executed in accordance with the laws of the Republic of the Philippines on the day and year first above written.
