Philippines - Installed Capacity

Philippines - Dependable Capacity

CAPACITY MIX, MW
Installed and Dependable Capacity

Note:*Excluding off-grid generators**Released as of 30 April 2025**Installed Capacity - nameplate capacity; full-load continuous gross capacity of a unit under specified conditions, as calculated from the electric generator nameplate based on the rated power factor.**Dependable Capacity - maximum capacity when modified for ambient limitations for a specified period of time, such as a month or a season.**Installed and Dependable Capacity values may be updated as necessary.**For Solar Power Plants: Installed Capacity are MWP or MWDC values while Dependable Capacity are MWAC values*
