Note:
 Excluding off-grid generators
 Released as of 30 April 2025
 Includes FIT Approved Plants based on RE Projects under FIT System as of 30 April 2025
 Installed Capacity - nameplate capacity; full-load continuous gross capacity of a unit under specified conditions, as calculated from the electric generator nameplate based on the rated power factor.
 Dependable Capacity - maximum capacity when modified for ambient limitations for a specified period of time, such as a month or a season.
 Installed and Dependable Capacity values may be updated as necessary.
