

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
2010			
43	MAPALAD POWER CORP	to acquire, design, construct, erect, assemble, rehabilitate, expand, commission, operate, and maintain power-generating plants and related facilities for the generation of electricity, including facilities to purchase, manufacture, develop or process fuel for the generation of such electricity; to sell electricity to any person or entity through electricity markets, by trading, or by contract; to administer, conserve and manage the electricity generated by power-generating plants, owned by the corporation or by a third party; to invest in or acquire corporations and entities engaged in any of the foregoing activities	7-Jul-10
44	SEUNG JIN BURNER 7 DRY OUT CORP.	to carry on, either solely or in co-venture with others, the business of generating and manufacturing of a thermal power plant, Gas and Oil Burner and/or by-products	8-Jul-10
45	FIRST LUZON GEOTHERMAL ENERGY CORPORATION	no objection in amending ARTICLE VII of the Articles of Incorporation increasing the authorized capital stock of the Corporation from One Million Pesos (PhP1,000,000.00), divided into One Hundred Thousand (100,000) shares with a par value of Ten Pesos (P10.00) per share, to One Billion Pesos (PhP1,000,000,000.00) divided into Fifty Million (50,000,000) common shares with a par value of Ten Pesos (PhP10.00) per share and Five Hundred Million (500,000,000) redeemable preferred shares with a par value One Peso (PhP1.00) per share	21-Jul-10
46	GN POWER LTD>CO.	(a) POWER PARTNERS LTD.CO. (b) GN POWER HOLDINGS PHILIPPINES GP CORPORATION, (each a "General Partner" and Collectively, the "General Partners" and its Limited Partner PMR HOLDING CORP., ("PMR" or "Limited Partner") (the General Partners and the Limited Partner collectively, the "Partners") engage in the business of evaluating, developing, acquiring, financing, constructing, operating, owning, holding and selling power generation facilities, liquefied natural gas facilities and other infrastructure facilities, in each case located in the Republic of the Philippines (each, a "Project" and collectively, the "GNPower Business") or any other business or activity that now or hereafter may be necessary, incidental, proper, advisable or convenient in furtherance of or otherwise relating to the GNPower Business	23-Jul-10
47	LIMAY ENERGEN CORPORATION	to invest in, build, construct, erect, own, equip, install, operate, maintain, develop, manage, sell and lease power generation plants, facilities, machineries, equipment and other related assets, and in general, to engage in the business of power generation as well as in the marketing, trading, selling and supplying of electricity generated by its generating facilities, and to engage in all other businesses incidental to the foregoing, including but not limited to the sale of the by-products of power generation	26-Jul-10
48	SAN FERNANDO ELECTRIC LIGHT AND POWER CO., INC	to establish, conduct, exploit, operate and maintain, in the public interest and for commercial purposes, an electric light and power plant, and a distribution system for the conveyance of electric power to the end-users in the City of San Fernando, the Municipality of Floridablanca and barangays Talang and Ligaya in the Municipality of Guagua, all in the Province of Pampanga, regardless of any reclassification of said areas, and in such other places where it is authorized to engage in such services under the law or contract and as may be determined by its Board of Directors	27-Jul-10
49	1590 ENERGY CORP	to engage in the business of owning, acquiring, commissioning, operating, maintaining, evaluating, developing, constructing, holding and selling power generation facilities and related facilities, or any other business or activity that now or hereafter may be necessary, incidental, proper, advisable or convenient in furtherance of or otherwise relating to such purpose	27-Jul-10
50	ONE SUBIC POWER GENERATION CORP	to engage in the business of owning, constructing, operating, developing and maintaining all types of power generation plants, including those utilizing hydro, thermal, fossil fuel, renewable energy and/or a combination of power sources; and to act as holding company or joint venture partner or investor in the business of owning and/or developing and operating all types of power generation plants	29-Jul-10
51	ECOZONE POWER MANAGEMENT INC	to engage in the purchase, supply and delivery of electricity and develop, design, construct, erect, assemble, commission, own, operate, maintain, rehabilitate and manage facilities used in connection therewith, and/or provide facilities or services necessary or appropriate in connection with the supply or delivery of electricity to such extent and in such manner as may be permitted by applicable law	9-Aug-10
52	CALAMIAN ISLAND POWER CORP	to engage in the business of owning, acquiring, commissioning, operating, maintaining, evaluating, developing, constructing, holding and selling power generation facilities and related facilities, or any other business or activity that now or hereafter may be necessary, incidental, proper, advisable or convenient in furtherance of or otherwise relating to such purpose	11-Aug-10

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
53	CHEMOIL ENERGY PHILS.	amending Article III of the Corporation's Article of Incorporation changing the principal office address from 15th Floor, 6750 Ayala Avenue, Makati City, Metro Manila, Philippines to ALPAP II Building #904, Trade Street cor. Investment Drive, Madrigal Business Park, Muntinlupa City, Philippines	20-Aug-10
54	ECO RENEWABLE ENERGY HOLDINGS, INC	to design, construct, erect, assemble, commission and operate power generating plants and related facilities for the generation and supply of electric power utilizing any fuel or energy source, provided, that, in no event shall the Corporation engage itself in the business of public utility without first obtaining the necessary government licenses; and to provide ancillary services and to supply services such as billing, collection, customer service, energy trading and electricity sales for the contestable market and other customers who are not end-users	23-Aug-10
55	PHILIPPINE INTEGRATED ENERGY SOLUTIONS INC	to engage in the purchase, supply and delivery of electricity; to provide a broad range of comprehensive energy solutions to include, but not limited to: the design and implementation of energy efficiency/conservation projects, energy, infrastructure outsourcing, district cooling, and energy risk mitigation/management; to develop, design, construct, assemble, commission, own, operate, maintain, rehabilitate/retrofit and manage facilities or services necessary or Appropriate in connection with providing the broad range of comprehensive energy solutions and in such manner as may be permitted by applicable law	24-Aug-10
56	ASIA PRIME ENERGY DEVELOPMENT AND SUPPLY CORPORATION	to engage in the sale of power-related equipment, materials, supplies, implements and accessories; to engage in the business of procuring and selling to distribution utilities electric energy; to engage in the business of putting up and operating a power generation plant as an Independent Power Producer or in any other endeavor related to its principal business	24-Aug-10
57	ESIRNUS RESOURCES INCORPORATED	to engage in business related to the exploration utilization and development of natural resources especially in power generation and energy source development and supporting facilities in these fields	25-Aug-10
58	OPTIMA AND ILJIN ENERGY INC	to provide maintenance, repair, rehabilitation, overhauling, system modification, installation, construction and commissioning services, in the Philippines and for projects, and the like	31-Aug-10
59	NORTHERN TERRACOTTA POWER CORP.	to carry on general business of generating, transmitting and/or distributing hydroelectric and other viable sources of power lighting, power and related purposes and services, and selling the electric power and related services to the National Power Corporation, electric utilities, electric cooperatives, the spot market, and other companies	1-Sep-10
60	HYDRO STAR UTILITIES INC.	to carry on the general business of generating power, derived from coal, fossil fuel, geothermal, nuclear, natural gas, hydroelectric and other viable source of power, for lighting and power purposes and whole-selling the electric power to the National Power Corporation, public electric utilities and electric cooperatives, and for the carrying on of all business incident thereto, and to acquire, build, construct, own, maintain, and operate all necessary and convenient buildings, structures, dows, machinery, sub-stations, transmission lines, poles, wires, and other things and devices, and to acquire and hold water and flowage rights and to acquire, lease, hold, occupy or use lands rights of way and easement therein	14-Sep-10
61	FLEET POWER CORPORATION	to generate, manufacture, purchase, acquire, accumulate, trade and market electrical energy; to construct, erect, purchase, lease, deal generally in and with plants, buildings, works, machinery, supplies, apparatus, equipment and transmission and distribution lines or systems necessary, convenient, or useful for carrying out and accomplishing any of the foregoing purposes; to buy, exchange, construct, contract for, lease, and in any and all other ways acquire, take, hold and own facilities for the treatment of petroleum and other mineral oil and gases, the tanks or other facilities for the storage thereof, and the manufacturing plants, works, and appurtenances for the production, distribution and sales of power generation; to improve, maintain, operate, and develop, and to sell, mortgage, lease, or otherwise dispose of such power generated and electrical energy and all refinements and by products thereof	13-Sep-10
62	ALSONS ENERGY DEVELOPMENT CORPORATION	to provide management, investment and technical advice for commercial, industrial, manufacturing and other kinds of enterprises, including but not limited to power generating plants; and to undertake, carry on, assist or participate in the promotion, organization, management, liquidation or reorganization of corporations, partnerships and other entities, except the management of funds, securities, portfolio or similar assets of the managed entities or corporation	15-Sep-10
63	LIMAY ENERGEN CORPORATION (Amendment/change of address)	from No. 78 12th Street, New Manila Quezon City to San Miguel Head Office Complex, 40 San Miguel Avenue, Mandaluyong City	30-Sep-10

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
64	F&W ENERGY PROJECTS, INC>	to own or lease and/or develop necessary and related properties to explore, develop, utilize and/or lease (if applicable and permissible under the law) natural resources; and to make equity investments in and participate in the management of, as general to partner or otherwise, domestic corporations, partnerships and other entities engaged in the acquisition, finance, construction and other partnerships.	6-Oct-10
65	SARANGANI ENERGY CORP.	to acquire, design, construct, erect, assemble, rehabilitate, expand, commission, operate, and maintain power-generating plants and related facilities for the generation of electricity, including facilities to purchase, manufacture, develop or process fuel for the generation of such electricity; to sell electricity to any person or entity through electricity markets, by trading, or by contract; to administer, conserve and manage the electricity generated by power-generating plants, owned by the corporation or by a third party; to invest in or acquire corporations or entities engaged in any of the foregoing activities	14-Oct-10
66	KEPCO PHILIPPINES CORP.	"The preferred shares of stock shall have voting rights, cumulative preference in dividend distribution and shall be redeemed on the date at the option of the stockholders on record and redemption value shall not be lower than at par value"	28-Oct-10
67	MERALCO POWERGEN CORPORATION	to change the name of the corporation from Asian Center for Energy Management Corporation to MERALCO PowerGen Corporation whose primary purpose is to develop, design, acquire, build, construct, erect, assemble, commission, install, own, maintain, operate, rehabilitate and manage all necessary and convenient facilities, plants, buildings, structures, equipment, machineries, sub-stations, transmission lines, poles, wires and other properties used in the generation of electricity, including but not limited to hydroelectric, geothermal, gas-turbine and other power generating plants and facilities used in connection therewith; to carry on the general business of generation and/or transmission of electric energy and other sources for lighting and power purposes and wholesale of electricity to power companies, distribution utility companies, electric cooperatives, retail electricity suppliers, aggregators, and other customers to such extent and in such manner as may be permitted by applicable laws and regulations; to enter into contracts either alone or jointly with other companies or persons for the purpose of carrying out the businesses under which this corporation is created	4-Nov-10
68	SN ABOITIZ POWER-BENGUET	from One Billion Fifty Million Five Thousand Pesos (PhP1,050,005,000.00) divided into: (1) Seven Hundred Million (700,000,000) Common Shares with a par value of One Peso (PhP1.00) per share; (2) Five Thousand (5,000) Series A Redeemable Preferred Shares with a par value of One Peso (PhP1.00) per share; and (3) Three Hundred Fifty Million (350,000,000) Series B Redeemable Preferred Shares with a par value of One Peso (PhP1.00) per share to One Billion Six Hundred Fourteen Million Five Thousand Pesos (PhP1,614,005,000.00) divided into: (1) Seven Hundred Million (700,000,000) Common Shares with a par value of One Peso (PhP1.00) per share; (2) Five Thousand (5,000) Series A Redeemable Preferred Shares with a par value of One Peso (PhP1.00) per share; and (3) Nine Hundred Fourteen Million (914,000,000) Series B Redeemable Preferred Shares with a par value of One Peso (PhP1.00) per share	11-Nov-10
69	A2C ENERGY RESOURCES & MANAGEMENT INC.	to engage in the power business, including but not limited to power trading and power supply contracting to end users, distribution utilities, and bulk power customers directly connected to the voltage transmission network, and for this purpose to bid for contracts and to enter in to other transactions or agreements relating to power, by itself or through joint ventures or partnerships	11-Nov-10
70	PHILNEWENERGY INC.	to engage in the business of owning, developing, constructing, operating, repairing, and maintaining power generation plants and/or converting and investing stations, generating electricity from any and all sources including but not limited to solar, wind and hydro sources and such other renewable sources, transmission of electricity, trading of electricity, distribution of electricity and supply of electricity, including the provision of services necessary or incidental thereto	17-Nov-10
71	GREENERGY POWER GENERATION	to engage in the business of generating and supplying electric power and energy using renewable energy resources such as biomass, mini-hydro, solar, wind and hybrid systems primarily of the island of Mindoro and other viable islands, and to engage in renewable energy resource development, operations, and management and such other activities needed to support or complement renewable energy generation	25-Nov-10
72	NEGROS POWER RELIABILITY SYSTEM	to engage in the business of generating and supplying electric power and energy using renewable energy resources such as biomass, mini-hydro, solar, wind and hybrid systems primarily for the island of Negros and other viable islands, and to engage in renewable energy resource development, operations, and management and such other activities needed to support or complement renewable energy generation	25-Nov-10

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
73	ZYNERGY POWER GENERATION	to provide power generation and supply services to electric distribution utilities primarily in the off-grid islands of the Philippines; to build, own, lease or operate power generation facilities using fossil fuel, natural gas, or renewable energy	25-Nov-10
74	KING ENERGY GENERATION, INC.	to build, construct, erect, own, equip, install, operate, maintain, sell, and lease power generation plants and related facilities, machineries, equipment for the generation and supply of electric power utilizing any fuel or energy source	2-Dec-10
75	NEUTEQ INTERNATIONAL INC.	to engage in business of manufacturing, assembling, installation, development and creation of power generators and other alternative sources of energy and power; to engage in the business of marketing, trading, sale, franchising, provision and distribution of power supply generation there from to the consuming public, whether individual or judicial, of whatever status, personality or nationality, including but not limited to industrial, commercial, transportation, agricultural and residential power requirements	2-Dec-10
76	CONSOLIDATED ELECTRICAL POWER ASIA	to buy, acquire, lease, construct, maintain and operate plants, work systems, poles, wire, conduit, ducts, subway for the production, supply, distribution and sale of electricity for light and power and any other use to which electricity may or may be applied	9-Dec-10
77	FILTRAN ELECTRICAL INC	to buy, acquire, lease, construct, maintain and operate plants, work systems, poles, wire, conduit, ducts, subway for the production, supply, distribution and sale of electricity for light and power and any other use to which electricity may or may be applied	10-Dec-10
78	BAUANG PRIVATE POWER CORPORATION	merging them into one corporation for the primary purpose of generating power derived from coal, fossil fuel, geothermal, nuclear, natural gas, hydroelectrical and other visible sources of power	13-Dec-10
79	GREEN POWER ENERGY SERVICES CORP.	to engage in the business of servicing, rebuilding, manufacturing, constructing, set-up, fabricating, assembling, etc. in any and all types of power generating plant, auxiliary plant and equipments any and all of its accessories parts, related to it, transportation equipments such as motor vehicles, motorcycles, vessel/boat and all its equipments its accessories, auxiliaries, equipments afloat ship repair and any and all types of generators, electrical equipments its accessories, parts and contracting of all kinds and description of industrial, mechanical or electrical machinery, equipment/engines, apparatus, devices, accessories and/or parts and supplies industrial installation of boilers, turbines of any and all power plants and piping, insulations in connection therewith, to engage in general business of trading, buying or selling of all or any of the aforesaid article, or commodities allied thereto, or acts as importers, processors, makers, manufacturer's representative, agent, dealer, indenter or distributor of domestic or foreign persons, firms, corporations, association or enterprise; to establish, maintain or otherwise operate, acquire, lease, sell within the Philippines and foreign land, plants, factories, warehouse, machineries, equipments and other establishments of similar nature	14-Dec-10
80	MAXPOWER ELECTRO INC.	to engage in electrical works at the site of construction which includes but not limited to electrical repairs and maintenance. Except locally funded project	21-Dec-10
81	SUNCONNEX DEVELOPMENT CORP.	to carry energy related businesses, including developing and investing in energy resources and solar energy power generating projects; managing, operating and maintaining solar energy power plant projects and facilities; electricity and carbon credit trading; and providing advice, assistance and general consultancy and management to energy developers, investors, traders and suppliers in conceptualization, design, planning, construction, marketing and sales, financing, licensing and management of solar energy projects; and generally, to do and perform all acts and things necessary or proper or incidental for the accomplishment of the foregoing purposes	23-Dec-10
82	SUNCONNEX SOLAR POWERED AGRI-RURAL COMMUNITIES CORP	to carry on the general business of generating power derived from solar energy and other viable sources of renewable power for lighting and power purposes, and whole selling of the electric power to private electric utilities, electric cooperatives, the spot market and/or other consumers, and for carrying on of all business incident thereto, including acquiring building, constructing, owning, maintaining and operating all necessary and convenient buildings, structures, dows, machinery, sub-stations, transmission lines, poles, wires and other things and devices, and to acquire, lease, hold, occupy or use land rights of way and easement therein	23-Dec-10

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
83	FERRO ENERGY INC	to engage in the business of retail electricity supplier, energy consolidator and such other retail electricity services; to sell, market, broker and aggregate electric energy; to develop, design, construct, maintain, commission, operate and manage facilities used in connection therewith, and/or provide facilities or services necessary or appropriate in connection with the supply or delivery of electricity to such extent and in such manner as may be permitted by law; to produce, manufacture, generate, source, transmit, distribute and sell electricity; to develop, construct, own, lease, lease out, operate and maintain property, structures, machineries, equipment and other things and devices related to any of the aforementioned activities; to provide services related to meter reading, billing and collection for the distribution of and sale of electricity; and to do such other acts and activities that are analogous and/or related to any of the foregoing	29-Dec-10
84	Vivant Sta. Clara Northern Renewables Generation Corporation	to engage in the general business of generating power, derived from coal, fossil fuel, geothermal, nuclear, natural gas, hydroelectric and other viable sources of power, for lighting and power purposes and whole-selling the electric power to the National Power Corporation, private electric cooperatives and other entities, and for carrying on of all businesses incidental thereto, including but not limited to the sale of the by-products of power generation, e.g., steam, water, etc., and to acquire, build, construct, own, maintain and operate all necessary and convenient buildings, structures, machineries, sub-stations, transmission lines, poles, wires and other things and devices and to acquire and hold water and flowage rights and to acquire, lease, hold, occupy or use land rights of way and easement therein, and to purchase and/or import raw materials, equipment and spare parts to be used for its business as power generator	
2011			
85	PALM CONCEPCION POWER CORPORATION	amending the First, Third and Sixth Article of the Article of Incorporation, changing the name of the corporation from DMCI CONCEPCION to PALM CONCEPCION POWER CORPORATION; changing the principal Office of the Corporation from 3/F DMCI Plaza, 2281 Don Chino Roces Avenue, Makati City to Sitio Punaales, Brgy. Nipa, Concepcion, Iloilo; and changing the number of directors of the Corporation from five (5) directors to seven (7) directors respectively	17-Jan-11
86	LFRRIL INDUSTRIAL TRADING CORPORATION	to engage in, operate, conduct and maintain the business of importing, exporting, buying, selling or otherwise dealing in industrial equipment/items to oil refinery, oil and gas platform, petrochemical, water supply and power generation company; and to engage in the business of providing related consultancy services to oil refinery, oil and gas platform, petrochemical, water supply and power generation company	17-Jan-11
87	HEDCOR BUKIDNON, INC.	to engage in the business of owning, developing, constructing, operating, repairing, and maintaining of hydro-electric power plant systems, renewable and indigenous power generation plants and other types of power generation an/or converting stations, and to act as holding company or joint venture partners or investors in the business of developing, operating, and/or owning power generation plants and/or converting stations	17-Jan-11
88	HEDCOR SABANGAN, INC.	to engage in the business of owning, developing, constructing, operating, repairing, and maintaining of hydro-electric power plant systems, renewable and indigenous power generation plants and other types of power generation an/or converting stations, and to act as holding company or joint venture partners or investors in the business of developing, operating, and/or owning power generation plants and/or converting stations	17-Jan-11
89	HEDCOR TUDAYA, INC.	. to engage in the business of owning, developing, constructing, operating, repairing, and maintaining of hydro-electric power plant systems, renewable and indigenous power generation plants and other types of power generation an/or converting stations, and to act as holding company or joint venture partners or investors in the business of developing, operating, and/or owning power generation plants and/or converting stations	17-Jan-11
90	MT. MUSUAN POWER CORPORATION	to engage in the business of general builders and contractors of electric generating plants, commercial houses and/or buildings, offices and such other edifices needed and necessary in the ordinary course of business and life, and to manufacture, fabricate, assemble, develop, produce, erect, construct, maintain, alter, repair, pull down and restore either alone or jointly with any other companies or persons, works of all descriptions including engines, machineries of every description, electric works, computers, electric supply lines, drainage and sewer works and pipelines and to take charge or supervise any electrical computer, installation or project to acquire, purchase, import, buy, distribute, market sell, dispose of or otherwise deal in with, except in retail, building and construction materials, supplies, equipment and machineries, articles and/or supplies, equipment, machineries articles and goods, as may be necessary suitable or appropriate for the foregoing purpose;	21-Jan-11

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
91	SEM-CALACA POWER CORPORATION (Amendment)	amending Articles Sixth and Seventh of the Articles of Incorporation, increasing the number of Directors from seven (7) to eleven (11) directors and increasing the authorized capital stock of the corporation from Five Million (P5,000,000.00) to Ten Billion (P10,000,000,000.00) divided into Ten Billion (10,000,000,000) shares with a par value of One Peso (Php1.00) per share and shall be listed in the foreign exchanges, if necessary, respectively	21-Jan-11
92	MANTA ENERGY, INC.	changing the name of the corporation from iN2POWER, INC. to MANTA ENERGY, INC.	24-Jan-11
93	MANILA-OSLO RENEWABLE ENTERPRISE, INC	increasing the authorized capital stock of the corporation from One Billion Ninety Million Three Thousand Pesos (P1,090,003,000.00) to One Billion Four Hundred Twenty Eight Million Four Hundred Three Thousand Pesos (Php1,423,403,000.00) divided into: 1) Six Hundred Million (600,000,000) Class A common shares with a par value of One Peso (PhP 1.00) per share; 2) One Hundred Twenty Million (120,000,000) Class B common shares with a par value of One Peso (PhP1.00) per share; 3) Three Thousand (3,000) Series A preferred shares with a par value of One Peso (PhP1.00) per share; and 4) Seven Hundred Eight Million Four Hundred Thousand (708,400,000) Series B preferred shares with a par value of One Peso (PhP1.00) per share;	31-Jan-11
94	SAN MIGUEL ELECTRIC CORP.	to carry on the business of producing and generating electricity and processing fuels alternative for power generation, including expanded operation of energy supply base and the generation and cogeneration of electric power demand of end-users, and to carry on all business and services incident and/or ancillary to the above, including, without limitation, the financing, design, construction, assembly, testing, commissioning, operation, maintenance, rehabilitation and management of power generating plants, substations and related facilities and equipment, and to engage in the advertising, promoting, marketing and sale of such electric power	4-Feb-11
95	CALAMBA AERO POWER CORPORATION	to develop, design, acquire, build, construct, erect, assemble, commission, install, own, maintain, operate, rehabilitate and manage all necessary and convenient facilities, plants, buildings, structures, equipment, machineries, sub-stations, transmission lines, poles, wires and other properties used in the generation, delivery and associated transmission of electricity, including but not limited to aero derivatives, natural gas, hydroelectric, geothermal, gas turbine and other power generating plants and facilities used in connection therewith; to carry on the general business of generation, delivery and associated transmission of electric energy and other sources for lighting and power purposes and wholesale supply of electricity to power companies, distribution utility companies, electric cooperatives, retail electricity suppliers, aggregators, and other customers to such extent, and in such manner, as may be permitted by applicable laws and regulations; to enter into contracts either alone or jointly with other companies or persons for the purpose of carrying out the business under which this Corporation is created	8-Feb-11
96	SN ABOITIZ POWER-MAGAT INC	amending Section 7.01 Corporation's By-Laws stating that the Board of Directors shall appoint a Chief Executive Officer who will insure that the administrative and operating policies of the President are carried out, prepare such statements and reports of the Corporation as required by the Board of Directors and by law and exercise such other powers and perform such other duties as are entrusted and assigned to him by the President or the Board	21-Feb-11

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
98	SN ABOITIZ POWER-ENERGY, INC.	to explore, design, build, construct, install, commission, rehabilitate, maintain, own, manage, operate, and invest in power generating plants and related facilities; to engage in the business of generating, marketing, selling and supplying electricity from renewable sources such as, but not limited to, biomass, hydro, solar, wind, geothermal, ocean and such renewable sources of power, provided that it shall not operate a public utility;	21-Feb-11
99	SN ABOITIZ POWER-GENERATION, INC.	to explore, design, build, construct, install, commission, rehabilitate, maintain, own, manage, operate, and invest in power generating plants and related facilities; to engage in the business of generating, marketing, selling and supplying electricity from renewable sources such as, but not limited to, biomass, hydro, solar, wind, geothermal, ocean and such renewable sources of power, provided that it shall not operate a public utility	21-Feb-11
100	SN ABOITIZ POWER-GREENFIELD, INC	. to explore, design, build, construct, install, commission, rehabilitate, maintain, own, manage, operate, and invest in power generating plants and related facilities; to engage in the business of generating, marketing, selling and supplying electricity from renewable sources such as, but not limited to, biomass, hydro, solar, wind, geothermal, ocean and such renewable sources of power, provided that it shall not operate a public utility	21-Feb-11
101	SN ABOITIZ POWER-RENEWABLE, INC.,	to explore, design, build, construct, install, commission, rehabilitate, maintain, own, manage, operate, and invest in power generating plants and related facilities; to engage in the business of generating, marketing, selling and supplying electricity from renewable sources such as, but not limited to, biomass, hydro, solar, wind, geothermal, ocean and such renewable sources of power, provided that it shall not operate a public utility	21-Feb-11
102	SN ABOITIZ POWER-PROJECTS, INC.	to explore, design, build, construct, install, commission, rehabilitate, maintain, own, manage, operate, and invest in power generating plants and related facilities; to engage in the business of generating, marketing, selling and supplying electricity from renewable sources such as, but not limited to, biomass, hydro, solar, wind, geothermal, ocean and such renewable sources of power, provided that it shall not operate a public utility	21-Feb-11
103	MAPALAD ENERGY GENERATING CORPORATION	to install and operate an electric power generating machinery in Iligan City, or in any other appropriate location, city or province; fueled by either diesel, coal, or biomass; and distribute, sell, and/or supply its electric power product to Iligan Light and Power, Inc. and other institutional consumers in Iligan City or elsewhere, requiring said product. In general, to do and perform acts and activities necessary to carry out the foregoing purposes	21-Feb-11
104	FRONTIER ENERGY CORPORATION	to identify, promote, develop, undertake project development activities including engineering, to finance, construct, build, own, operate, maintain and rehabilitate plants, systems, facilities and their appurtenances, ancillary services and the like that produce and generate electrical power, heat and energy using fossil, alternative, and renewable energy resources, including nuclear technology, and to engage in the business of selling, leasing, trading or exchanging, or in any other lawful manner, the disposition of the whole or any part of such plants, systems, facilities and their appurtenances, ancillary services and the like, including although not limited to the electrical power, heat and energy produced and generated, or of any interest therein, when technologically and economically viable, to private, public and generally off-takers or buyers, for power, energy, heating, ventilation, lighting, and power purposes; to acquire by purchase or exchange, or in any other lawful manner, properties and interests and any right, license, privilege, intellectual property, grant, concession, title, or interest therein, water and flowage rights, reservoirs, dams, irrigation, marshes, ocean, underwater and submarine resources, geothermal, steam fields, coal mines, other mining claims and mineral rights, grounds or lodes, wind farms, air rights, petroleum, oil and gas fields, on-shore and off-shore, their appurtenant facilities and ancillary services, all necessary and convenient lands, buildings, easements, structures, platforms, machineries, poles, wires and other devices, and such air, land and water rights as may be necessary, and to do all other acts and things necessary or proper to be done in connection therewith, including the processing, transformation, conversion, production, through deployment of proprietary or licensed state-of-the-art technologies, fuels, petrochemicals, hydrocarbons and their by-product fossil, alternative and renewable energy resources, and to engage in the business of selling, leasing, trading and exchanging such aforesaid fuels, petrochemicals, hydrocarbons and their by-products; and, for the carrying on of all businesses incident thereto and to do all other acts and things necessary or proper to be done in connection therewith;	21-Feb-11

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
105	SMI POWER CORPORATION	to construct, erect, assemble, rehabilitate, expand, commission, operate and maintain power-generating plants and related facilities for the generation of electricity, including but not limited to transmission facilities and such other necessary facilities to purchase, manufacture, develop or process fuel for the generation of such electricity; to sell or provide electricity to any person or entity by contract or by trading or contract through the electricity markets; to administer, conserve and manage the electricity generated by power generating plants, owned by the corporation or by third party; to invest in or acquire corporations or entities engaged in any of the foregoing activities	21-Feb-11
106	GREEN RENEWABLE POWER HOLDINGS, INC	amending the First Article of the Article of Incorporation, changing the name of the corporation from GREEN RENEWABLE POWER HOLDINGS, INC. to STRONG FIELD ENERGY CORPORATION whose primary purpose is to invest in and/or undertake or participate in the development, design, establishment, financing, except financial leasing, construction, building, operation, maintenance and/or transfer or in the rehabilitation, operation, lease and transfer of diesel, gas turbine, coal and/or steam power plants, and other power generating plants of any type and related facilities, including substations, high voltage lines and interconnection facilities and apparatus and port facilities together with facilities for the loading, unloading, preparation and storage of fuel, the extraction and transportation of fuel, the sale of the energy related thereby, and use of waste and other by products thereof, all as provided by and/or under contract with the government of the Republic of the Philippines, or any subdivision, instrumentality or agency thereof, or any government owned or controlled corporation, or other entity, public or private, engaged in relation to any of the foregoing including the development, supply, distribution, or utilization of energy	21-Feb-11
107	CHLORIDE SECURE POWER PHILIPPINES, INC.	changing the principal Office of the Corporation from 7th Floor YL Finance Building, Rufino cor. Salcedo Sts., Legaspi Village, Makati City to 31st Floor Orient Square Building, F. Ortigas Road, Ortigas Center, Pasig City;	24-Feb-11
108	CEBU PURE ENERGY, INC.	to invest in and/or undertake or participate in the development, design, establishment, construction, building, operation, maintenance and/or transfer or in the rehabilitation, operation, lease and transfer of diesel, gas turbine, coal and/or stream power plants, and other power generating plants of any type and any related facilities, including substations, high voltage lines and interconnection facilities and apparatus and port facilities together with facilities for the loading, unloading, preparation and storage fuel, the extraction and transportation of fuel, the sale of energy related thereby, and use of waste and other by-products thereof, all as provided by and/or under contract with the government of the Republic of the Philippines, or any subdivision, instrumentality or agency thereof, or any government owned and controlled corporation, or other entity, public or private, engaged in relation to any of the foregoing including the development, supply, distribution, or utilization of energy	24-Feb-11
109	GREEN RENEWABLE POWER HOLDINGS, INC. to LAGUNA CLEAN ENERGY, INC.	changing the name of the corporation from GREEN RENEWABLE POWER HOLDINGS, INC. to LAGUNA CLEAN ENERGY, INC.	3-Mar-11
110	PRIDE RESOURCES INFRASTRUCTURE DEVELOPMENT CORPORATION formerly BETTER RESOURCES, INC.	to develop, operate, manage, infrastructure projects in the energy sector necessary for the generation of power utilizing natural gas, coal, and/or other environment friendly energy, sources, transportation, water, roads, railroads, bridges, economic zones, ports, airports, and other related infrastructure projects and generally to do and perform any and all acts related to, connected with and incidental to infrastructure business and activities	9-Mar-11
111	STRONG FIELD GAS & ELECTRIC CORPORATION	to invest in and/or undertake or participate in the development, establishment, construction, building, operation, maintenance and/or transfer or in the rehabilitation, operation, lease and transfer of diesel, gas turbine, coal and/or steam power plants, and other power generating plants of any type and any related facilities, including substations, high voltage lines and interconnection facilities and apparatus and port facilities together with facilities for the loading, unloading, preparation and storage of fuel, the extraction and transportation of fuel, the sale of the energy related thereby, and use of waste and other by-products thereof, all as provided by and/or under contract with the government of the Republic of the Philippines, or any subdivision, instrumentality or agency thereof, or any government owned or controlled corporation, or other entity, public or private, engaged in relation to any of the foregoing including the development, supply, distribution, or utilization of energy	16-Mar-11

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
112	STRONG FIELD GAS POWER CORPORATION	to invest in and/or undertake or participate in the development, establishment, construction, building, operation, maintenance and/or transfer or in the rehabilitation, operation, lease and transfer of diesel, gas turbine, coal and/or steam power plants, and other power generating plants of any type and any related facilities, including substations, high voltage lines and interconnection facilities and apparatus and port facilities together with facilities for the loading, unloading, preparation and storage of fuel, the extraction and transportation of fuel, the sale of the energy related thereby, and use of waste and other by-products thereof, all as provided by and/or under contract with the government of the Republic of the Philippines, or any subdivision, instrumentality or agency thereof, or any government owned or controlled corporation, or other entity, public or private, engaged in relation to any of the foregoing including the development, supply, distribution, or utilization of energy	16-Mar-11
113	SUNTER UTILITIES CORPORATION	to provide utility services such as water, electric and power and such other utility services; to explore other innovative and state of art processes to produce, extract, utilize, process natural or manmade resources	16-Mar-11
114	EL RIO MONTANA RESOURCES, INC.	amending Articles II and VII of the Articles of Incorporation amending the primary purpose of the Corporation which now states: to engage primarily on Electric Power/Energy Generation projects and increasing the authorized capital stock of the corporation from Three Million Pesos (PhP 3,000,000.00) to One Hundred Million Pesos (PhP 100,000,000.00) in lawful money of the Philippines, divided into One Million (1,000,000) shares with the par value of One Hundred Pesos (PhP 100.00) per share respectively;	17-Mar-11
115	GREENENTECH CORP.	to buy, acquire, lease, construct, maintain and operate plants, work systems, poles, poles wire, conduit, ducts and subway for the production, supply, distribution and sale of electricity for light and power and any other use to which electricity may or may be applied	17-Mar-11
116	PHYSIS ENERGY RESOURCES CORPORATION	to develop energy projects using traditional fuel resources, like: coal, gas, diesel, etc.; or, non-traditional fuel resources, like: hydro, wind, solar, tidal, biomass, solid waste, etc.; or, a hybrid of such fuel resources, like: coal and biomass, coal and solid waste, solar and biomass, solar and diesel, etc.; and to engage in, conduct, and carry on the business of providing energy, with the use of such fuel resources;	23-Mar-11
117	THERMA SOUTH. INC.	changing the name of the corporation from THERMA PAGBILAO, INC, to THERMA SOUTH. INC., whose primary purpose now reads: to build, own, and operate other power plants in the Philippines to provide electric energy locally, and to conduct business in other areas of the power industry under the law of Republic of the Philippines including the sale of excess coal, fly ash, water, heat, steam and other inputs or by-products, of its operations, and undertake any related activity necessary for and conducive to the attainment of this purpose;	11-Apr-11
118	UNITED HOLDINGS POWER CORPORATION	to develop, construct, own, lease and operate electricity generation and/or distribution and/or hydropower plants and power barges or related businesses; to engage in build-operate-transfer arrangements with the government, its branches, agencies and instrumentalities, and any non-government entity; act as consultants, contractors or principals in the business of developing, constructing, operating, rehabilitating, repairing and maintaining hydropower plants and power barges and systems and other power-generating or converting stations and in the manufacture, operation and repair of associated mechanical and electrical equipment; to carry on the general business of manufacture, generation, and/or transmission of electric power in accordance with existing laws, rules and regulations; to invest in, hold, own, purchase, acquire, lease, contract, operate, improve, develop, manage, grant, sell, exchange, alienate, or otherwise dispose of real/personal properties of every kind and description, including shares of stock, bonds and other securities or evidence of indebtedness of any electricity generation and/or distribution or hydropower facility, corporation, partnership, association, firm, or entity, domestic or foreign, where necessary or appropriate and to possess and exercise in respect thereof all the rights, powers, and privileges of ownership, including all voting powers of any stock so owned, without acting as or engaging in the business of an investment company, or dealer or broker in securities; to act as managers or managing agents of persons, firms, associations, corporations, partnerships and other entities engaged in the electricity generation and/or distribution, hydropower or related businesses; to provide management investment and technical advise for commercial, industrial, manufacturing and other kinds of enterprises engaged in the electricity generation and/or distribution, hydropower or related businesses; to undertake, carry on, assist or participate in the promotion, organization, management, liquidation, or reorganization of corporations, partnerships and other entities engaged in the electricity generation and/or distribution, hydropower or related businesses; and to carry on all business necessary or incident to all the foregoing	12-Apr-11

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
119	NATIVIDAD MICRO HYDRO CORPORATION	to buy, acquire, lease, construct, maintain and operate plants, work systems, poles, poles wire, conduit, ducts and subway for the production, supply, distribution and sale of electricity for light and power and any other use to which electricity may or may be applied	3-May-11
120	ENERGY WORLD PHILIPPINES INC.	amending Third Article of the Article of Incorporation, changing the principal Office of the Corporation from 14th Floor, G. E. Antonino Building, T.M. Kalaw cor Bocobo Sts., Ermita Manila to 10th Floor Section A, Ramon Magsaysay Centre, 1680 Roxas Boulevard Manila	3-May-11
121	REDONDO PENINSULA ENERGY, INC.	amending Articles Sixth of the Articles of Incorporation, increasing the number of Directors from six (6) to nine (9) directors	11-May-11
122	LIMASOLAR INC.	to carry on the general business of generating power derived from solar energy and other viable sources of renewable power for lighting and power purposes, and whole selling the electric power to private electric utilities, electric cooperatives, the spot market and/or other consumers, and for carrying on of all business incident thereto, including acquiring, building, constructing, owning, maintaining and operating all necessary and convenient buildings, structures, machinery, sub-stations, transmission lines, poles, wires, and other things and devices, and to acquire and hold water and flowage rights and to acquire, lease, hold, occupy or use lands rights of way and easement therein	11-May-11
123	ASIA BIOGAS PHILIPPINES INC.	to promote the development of bio-gas or other renewable energy projects and its ancillary services with emphasis in providing all types of project development, technical, financial and other pertinent assistance and related support services for all sources of bio-gas, including sewage treatment plants, small to large scale hog-farms and other livestock operations, and other sources of waste. It shall assist or intermediate the public and private individuals, corporations and associations in the extension of financial and fiscal assistance to the projects demonstrating bio-gas technology for animal, waste, city waste and food and beverage industry waste streams and shall undertake the construction of anaerobic and aerobic wastewater treatment systems including methane gas recovery and bio-gas pipelines. It shall install, commission, and operate onsite electric power plants with biogas as the primary fuel. It shall provide all services for these projects under the Build-Operate-Transfer (BOT) agreements, or operate and maintain under long term contracts of bio-gas systems that has been developed, and maintain personnel at each location to operate the wastewater treatment, biogas and/or electric power plants	11-May-11
124	GENSUN ENERGY GENERATION INC.	to carry on the general business of generating power derived from solar energy and other viable sources of renewable power for lighting and power purposes, and whole selling the electric power to private electric utilities, electric cooperatives, the spot market and/or other consumers, and for carrying on of all business incident thereto, including acquiring, building, constructing, owning, maintaining and operating all necessary and convenient buildings, structures, machinery, sub-stations, transmission lines, poles, wires, and other things and devices, and to acquire and hold water and flowage rights and to acquire, lease, hold, occupy or use lands rights of way and easement therein	12-May-11
125	BAGONG LIWANAG ENERGY INC.,	to carry on the general business of generating power derived from solar energy and other viable sources of renewable power for lighting and power purposes, and whole selling the electric power to private electric utilities, electric cooperatives, the spot market and/or other consumers, and for carrying on of all business incident thereto, including acquiring, building, constructing, owning, maintaining and operating all necessary and convenient buildings, structures, machinery, sub-stations, transmission lines, poles, wires, and other things and devices, and to acquire and hold water and flowage rights and to acquire, lease, hold, occupy or use lands rights of way and easement therein	12-May-11
126	PRIUSOLAR ENERGY, INC.	to carry on the general business of generating power derived from solar energy and other viable sources of renewable power for lighting and power purposes, and whole selling the electric power to private electric utilities, electric cooperatives, the spot market and/or other consumers, and for carrying on of all business incident thereto, including acquiring, building, constructing, owning, maintaining and operating all necessary and convenient buildings, structures, machinery, sub-stations, transmission lines, poles, wires, and other things and devices, and to acquire and hold water and flowage rights and to acquire, lease, hold, occupy or use lands rights of way and easement therein	12-May-11
127	NAICSOLAR INC.	to carry on the general business of generating power derived from solar energy and other viable sources of renewable power for lighting and power purposes, and whole selling the electric power to private electric utilities, electric cooperatives, the spot market and/or other consumers, and for carrying on of all business incident thereto, including acquiring, building, constructing, owning, maintaining and operating all necessary and convenient buildings, structures, machinery, sub-stations, transmission lines, poles, wires, and other things and devices, and to acquire and hold water and flowage rights and to acquire, lease, hold, occupy or use lands rights of way and easement therein	12-May-11

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
128	SUNTERRA ENERGY INC.	to carry on the general business of generating power derived from solar energy and other viable sources of renewable power for lighting and power purposes, and whole selling the electric power to private electric utilities, electric cooperatives, the spot market and/or other consumers, and for carrying on of all business incident thereto, including acquiring, building, constructing, owning, maintaining and operating all necessary and convenient buildings, structures, machinery, sub-stations, transmission lines, poles, wires, and other things and devices, and to acquire and hold water and flowage rights and to acquire, lease, hold, occupy or use lands rights of way and easement therein	12-May-11
129	SIEMENS POWER OPERATIONS, INC.	amending Article VI of the Article of Incorporation, changing the principal Office of the Corporation from Metro Manila to Sta. Rita and San Lorenzo Power Station, Sta. Rita, Batangas City	12-May-11
130	FORMOSA POWER SUPPLY CORPORATION	increasing the authorized capital stock of the corporation from One Hundred Fifty Million Pesos (PhP 150,000,000.00) to Three Hundred Million Pesos (PhP 300,000,000.00) divided into Three Million (3,000,000) shares with a par value of One Hundred Pesos (PhP 100.00) per share	26-May-11
131	LIDE PASAR POWER CORPORATION	. to conduct and carry on the business of generating and distributing power primarily to serve the power requirements of the Philippine Associated Smelting and Refining (PASAR) at its plant site located at the Special Economic Zone at the Leyte Industrial Development Estate (LIDE), Isabel, Leyte, Philippines	6-Jun-11
132	NTP ENERGY SOLUTIONS PHILIPPINES, INC.	1. To engage in and conduct the business of owning, operating, managing, importing, buying, selling, promoting, distributing, marketing at wholesale or retail heating and cooling system devices or apparatus, energy recovery equipments, LED lights and power generating equipments, accessories and components. 2. To engage in and conduct the business of importing, fabricating, buying, selling, importing, distributing, marketing at wholesale or retail water treatment system, chemicals including all related technology, equipment, accessories and components;	15-Jun-11
133	PMR POWER DEVELOPMENT & GENERATION, INC.	(i) to explore, develop, utilize and/or lease (if applicable and permissible under the law) natural resources as source of energy for the production of electricity, (ii) to own or lease and/or develop necessary and related properties to explore, develop, utilize and/or lease (if applicable and permissible under the law) natural resources, (iii) to make equity investments in and participate in the management of, as general partner or otherwise, domestic corporations, partnerships and other entities engaged in the acquisition, finance, construction, development, improvement, operation, maintenance and holding of power production and electrical generation facilities in the Philippines, and other property incidental thereto, and the production and sale of electricity, and/or (iv) to own or lease and/or develop real properties necessary in the conduct of business	1-Jul-11
134	ACES TECHNICAL SERVICES CORPORATION	to acquire, design, construct, erect, assemble, rehabilitate, expand, commission, operate, and maintain power-generating plants and related facilities for the generation of electricity, including facilities to purchase, manufacture, develop or process fuel for the generation of such electricity; to sell electricity to any person or entity through electricity markets, by trading, or by contract; to administer, conserve and manage the electricity generated by power-generating plants, owned by the corporation or by a third party	1-Jul-11
135	SOUTHWEST LUZON POWER GENERATION CORPORATION	to acquire, design, develop, construct, expand, invest in, and operate electric power plants, and engage in the business of a Generation Company; to invest in, operate and engage in missionary electrification as a Qualified Third Party; and to design, develop, assemble and operate other power related facilities, appliances and devices	4-Jul-11

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
136	CENTURY PEAK POWER CORPORATION	to identify, promote, develop, undertake project development activities including engineering, to finance, construct, build, own, operate maintain and rehabilitate, plants, systems, facilities and their appurtenances, ancillary services and the like, that produce and generate electrical power using fossil, alternative and renewable energy resources, including nuclear technology, and to engage in the business of selling, leasing, exchanging, or in any lawful manner, the disposition of the whole or any part of such plants, systems, facilities and their appurtenances and the like, including the electric current and energy they produce, generate or distribute, or of any interest therein when technologically and economically viable to private, public and generally off-takers or buyers, for heating, ventilation, lighting, and power purposes; to acquire by purchase or exchange, or in any other lawful manner, properties and interests and any right, license, privilege, intellectual property, grant, concession, title, or interest therein, water and flowage rights, reservoirs, dams, irrigation, marshes, underwater and submarine resources, geothermal steamfields, coal mines, other mining claims and mineral rights, grounds or lodes, wind farms, air rights, petroleum and gas fields, on-shore and off-shore, their appurtenant facilities and ancillary services, all necessary and convenient lands, buildings, easements, structures, platforms, machineries, poles, wires and other devises and such air, land and water rights as may be necessary, and to do all other acts and things necessary or proper to be done in connection therewith, including the processing, transformation, conversion production, deployment of propriety or licensed state-of-the-art technologies, fuels, petrochemicals, hydrocarbons and their by-products from fossil, alternative and renewable energy resources, and to engage in the business of selling, leasing and exchanging aforesaid fuels, petrochemicals, hydrocarbons and their by-products; and, for the carrying on of all businesses incident thereto and to do all other acts and things necessary or proper to be done in connection therewith	6-Jul-11
137	FIRST NEGROS POWER CORPORATION	to engage and carry on the business of power generation and/or transmission of electric power in accordance with existing laws, rules and regulations and to carry on all business necessary or incident to the foregoing	8-Jul-11
138	S.I. POWER CORPORATION	to buy, acquire, lease, construct, maintain and operate plants, work systems, poles, poles wire, conduit, ducts and subway for the production, supply, distribution and sale of electricity for light and power and any other use to which electricity may or may be applied	8-Jul-11
139	E EI POWER CORPORATION	to act as importer distributor, and retailer of industrial equipment, parts and supplies and contractor in the repair/installation thereof	11-Jul-11
140	CENTURY PEAK POWER CORPORATION	to identify, promote, develop, undertake project development activities including engineering, to finance, construct, build, own, operate maintain and rehabilitate, plants, systems, facilities and their appurtenances, ancillary services and the like, that produce and generate electrical power using fossil, alternative and renewable energy resources, including nuclear technology, and to engage in the business of selling, leasing, exchanging, or in any lawful manner, the disposition of the whole or any part of such plants, systems, facilities and their appurtenances and the like, including the electric current and energy they produce, generate or distribute, or of any interest therein when technologically and economically viable to private, public and generally off-takers or buyers, for heating, ventilation, lighting, and power purposes; to acquire by purchase or exchange, or in any other lawful manner, properties and interests and any right, license, privilege, intellectual property, grant, concession, title, or interest therein, water and flowage rights, reservoirs, dams, irrigation, marshes, underwater and submarine resources, geothermal steamfields, coal mines, other mining claims and mineral rights, grounds or lodes, wind farms, air rights, petroleum and gas fields, on-shore and off-shore, their appurtenant facilities and ancillary services, all necessary and convenient lands, buildings, easements, structures, platforms, machineries, poles, wires and other devises and such air, land and water rights as may be necessary, and to do all other acts and things necessary or proper to be done in connection therewith, including the processing, transformation, conversion production, deployment of propriety or licensed state-of-the-art technologies, fuels, petrochemicals, hydrocarbons and their by-products from fossil, alternative and renewable energy resources, and to engage in the business of selling, leasing and exchanging aforesaid fuels, petrochemicals, hydrocarbons and their by-products; and, for the carrying on of all businesses incident thereto and to do all other acts and things necessary or proper to be done in connection therewith	11-Jul-11
141	FIRST NEGROS POWER CORPORATION	to engage and carry on the business of power generation and/or transmission of electric power in accordance with existing laws, rules and regulations and to carry on all business necessary or incident to the foregoing	6-Jul-11
142	S.I. POWER CORPORATION	to buy, acquire, lease, construct, maintain and operate plants, work systems, poles, poles wire, conduit, ducts and subway for the production, supply, distribution and sale of electricity for light and power and any other use to which electricity may or may be applied	8-Jul-11

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
143	SOUTHWEST LUZON POWER GENERATION CORPORATION	to acquire, design, develop, contract, expand, invest in, and operate electric power plants, and engage in the business of a Generation Company; to invest in, operate and engage in missionary electrification as a Qualified Third Party; and to design, develop, assemble and operate other power related facilities, appliances and devices	4-Jul-11
144	PEARL ENERGY PHILIPPINES OPERATING, INC.	Change of Name of PEARL ENERGY PHILIPPINES OPERATING, INC., with the statement that this Bureau interposes no objection in changing the name of the corporation from COVANTA PHILIPPINES OPERATING, INC., to PEARL ENERGY PHILIPPINES OPERATING, INC	18-Jul-11
145	SAN RAMON POWER, INC.	to acquire, design, construct, erect, assemble, rehabilitate, expand, commission, operate, and maintain power-generating plants and related facilities for generation of electricity, including facilities to purchase, manufacture, develop or process fuel for the generation of such electricity; to sell electricity to any person or entity through electricity markets, by trading, or by contract; to administer, conserve and manage the electricity generated by power-generating plants, owned by the corporation or by a third party; to invest in or acquire corporations or entities engaged in any of the foregoing activities	18-Jul
146	SOUTH LUZON THERMAL ENERGY CORPORATION	to engage in the business of owning, developing, constructing, operating, repairing, and maintaining power generation plants, as well as generating, marketing and selling electricity, including the provision of services necessary or incidental thereto	19-Jul-11
147	NEPTUNE HYDRO, INC.	changing the name of the Corporation from SN ABOITIZ POWER-PANGASINAN, INC. to NEPTUNE HYDRO, INC.	19-Jul-11
148	SN ABOITIZ POWER-NUEVA ECIJA, INC.	reflecting additional provisions in Article Seventh of the Articles of Incorporation	19-Jul
149	SN ABOITIZ POWER-CORDILLERA, INC.	reflecting additional provisions in Article Seventh of the Articles of Incorporation	19-Jul-11
150	SN ABOITIZ POWER- RES, INC.	amending Seventh Article of the Articles of Incorporation, stating that the authorized capital stock of the Corporation is One million Pesos (P 1,000,000.00) in lawful money of the Philippines, divided into One million (1,000,000) common shares with the par value of One Peso (P 1.00) per share and reflecting additional provisions thereto	19-Jul-11
151	SN ABOITIZ POWER-HYDRO, INC.	Amending Third Article of the Article of Incorporation, changing the principal Office of the Corporation to 2nd Floor Herco Center, 114 Benavidez St., Legaspi Village, Makati City	19-Jul-11
152	HEDCOR TUDAYA, INC.	amending Article Three of the Articles of Incorporation, changing the principal Office of the Corporation to Sibulan, Sta. Cruz, Davao del Sur	20-Jul-11
153	PRIME MERIDIAN POWERGEN CORPORATION	to carry on the general business of generating, transmitting, and/or distributing energy derived from any and all forms, types and kinds of energy sources for lighting and power purposes and selling the electric power to power corporations, public electric utilities, electric cooperatives, and other customers; to engage in the trading of electricity; to enter into contracts either alone or jointly with other companies or persons for the purpose of carrying out all businesses under which this corporation is organized; to acquire, build, construct, own, maintain and operate all necessary and convenient buildings, structures, dows, machinery, sub-stations, transmission lines, poles, wires and other things and devices, to acquire and hold water and flowage rights, and to acquire, lease, hold, occupy or use land rights-of-way and easement therein	27-Jul-11
154	COUNTRY POWER, INC.	to set up, construct, own, maintain, operate, and manage plants, facilities, infrastructures, installations, systems, and services for the generation, production, sourcing, storage, transmission, supply, and distribution of electric power for domestic, residential, commercial, agricultural, or industrial use for any other purpose; and towards this end, to apply for, hold, operate, manage and maintain rights, permits, or franchises concerning generation of electric power throughout the Philippines; enter into lease, concessions, or contracts, either with the government or with private persons or entities, for the purpose of undertaking developing, exploiting, or otherwise utilizing power resources; acquire, install, construct, own, maintain, and operate power generation plants, transmission lines, storage facilities, power stations, and interconnection facilities; deals in or acquire, through purchase, lease, grant, donation, or any other lawful means, lands, forests, open spaces, and real estate properties of all kinds and nature, as well as machinery, equipment, tools, and gadgets, as may be needed for the foregoing purposes; and to perform any and all such acts as may be necessary or expedient for the successful pursuit of the foregoing purposes	29-Jul-11
155	POWER DOMAIN ADVISORS CO.	to engage into the business of marketing, selling, and/or trading of power, energy, and/or electricity; to work as agent for power producers and/or power consumers for purposes of selling or buying electricity; to act as trader of electricity and contract manager for selling and delivery of electricity from power producers to consumers and/or to distribution utilities; to act as consultant or advisor to power producers, consumers, and/or distribution utilities in relation to the business of marketing, selling and buying power or electricity	4-Aug-11

LIST OF GENERATION COMPANIES ISSUED WITH 2ND INDORSEMENT

(1st Indorsement by the Securities and Exchange Commission)

as of August 2011

	NAME of COMPANY	PRIMARY/SECONDARY PURPOSE	DATE ISSUED
156	CJ GLOBAL GREEN ENERGY PHIL. CORP.	to engage in energy project development in marketing consultancy, technical and advisory services regarding generating plants utilizing waste collection and related facilities for the conversion into electricity	8-Aug-11
157	KRATOS RES, INC.	<ul style="list-style-type: none"> • Design and implementation of energy efficiency/conservation projects, energy infrastructure outsourcing, district cooling and energy risk mitigation/management • Acquisition, design, construction, erection, assemblage, rehabilitation, expansion, commission, operation and maintenance of power-generating plants and related facilities for the generation of electricity, including facilities to purchase, manufacture, develop or process fuel for the generation of such electricity • Selling of electricity to any person or entity through electricity markets, by trading, or by contract administration, conservation and management of the electricity generated by power generating plants, owned by the Corporation or by a third party • Development of design, construction, assemblage, commission, own-operation, maintenance, rehabilitation/retrofitting and management of facilities or services necessary or appropriate in connection with providing the broad range of comprehensive energy solutions and in such manner as may be permitted by applicable law 	5-Aug-11
158	SMC CONSOLIDATED POWER CORPORATION	to carry on the business of producing and generating electricity and processing fuels alternative for power generation, including expanded operation of energy supply base and the generation and cogeneration of electrical power, as well as the supply and consolidation of the electric power demand of end-users, and to carry on all business and services incident and/or ancillary to the above, including, without limitation, the financing, design, construction, assembly, testing, commissioning, operation, maintenance, rehabilitation and management of power generating plants, substations and related facilities and equipment, and to engage in the advertising, promoting, marketing and sale of such electric power	10-Aug-11
